

# Millennium Resource Centre

- **Purpose:**

- To help Sustainable Development in businesses (an exercise that helps governing bodies and organizations improve and implement policies of Governance, Quality and Management, where there is convergence for safety, quality assurance and sustainability)

- **Includes:**

- Guidance (1) for making enterprises ASSETs, (2) for helping SMART Convergence in business and delivery models, (3) for Business Curves Management standardization and risk mitigation, (4) for improving project management so as to include integrals for sustainable development, (5) for implementing a QMS, (6) for sustainable facility management, and (7) for responsible marketing and for re-visiting trade advocacy so as to let search engines and other presence announcements include information about adherence for sustainable development.

- **Background:**

- The Guidance for Sustainable Development has in parts been submitted as articles (to KASSIA) to make MSME(s) step ahead for the millennium. The URL for the Millennium Resource Centre website is [www.venkataoec.wixsite.com/resourcecentre](http://www.venkataoec.wixsite.com/resourcecentre).
